

ABHISHEK SHARMA

Nainital, Uttarakhand — 📞 +91 9568613442 — ✉ b24ch1005@iitj.ac.in — 🔗 LinkedIn — 🐙 GitHub — 🌐 Portfolio

Education

Indian Institute of Technology, Jodhpur

Bachelor of Technology in Chemical Engineering — CGPA: 8.17

August 2024 – Present

Jodhpur, Rajasthan

Whitehall School, Lamachaur, Haldwani

10th: 95.0% — 12th: 92.0%

2020 – 2023

Uttarakhand

Projects

Campus Companion — UI/UX Design | Figma · Google Stitch · Prototyping

GitHub

- Designed a mobile-first **IIT Jodhpur campus companion** for navigation, campus services, events, and student information discovery.
- Created user personas, user journeys, user flows, information architecture, wireframes, and high-fidelity UI designs for key student workflows.
- Built an interactive Figma prototype and reusable design system focused on accessibility, visual consistency, and intuitive mobile interactions.

CareConnect – Healthcare Appointment App — UI/UX Design | Figma · Google Stitch · Prototyping

GitHub

- Designed a mobile healthcare experience for **doctor discovery, appointment booking, and appointment management**.
- Developed personas, user journeys, user flows, information architecture, wireframes, and high-fidelity interfaces for patient-focused workflows.
- Built an interactive Figma prototype and design system emphasizing accessibility, trust, clear information hierarchy, and error prevention.

Network Routing Simulator | React · Cytoscape.js · FastAPI · C++

GitHub — 🌐 Live

- Developed a full-stack simulator modeling routers and connections as weighted graphs for network optimization and packet routing.
- Implemented **Kruskal, Prim, Dijkstra, and Union-Find** algorithms in C++ and integrated them through a FastAPI backend.
- Built interactive network visualization and packet-routing simulations using React and Cytoscape.js.

Interactive 3D Portfolio Website | React · TypeScript · Three.js · GSAP · Tailwind CSS

GitHub — 🌐 Live

- Designed and developed an interactive portfolio using React and TypeScript with a focus on visual design, responsive layouts, and user engagement.
- Implemented immersive 3D graphics, interactive effects, and scroll-based animations using Three.js, React Three Fiber, GSAP, and Framer Motion.
- Developed a responsive modular UI using Tailwind CSS for seamless cross-device compatibility.

Skills

UI/UX Design: Figma, Google Stitch, Wireframing, Prototyping, User Flows, User Personas, Information Architecture, Interaction Design, Design Systems, Accessibility, Responsive Design

Web Development: React, TypeScript, HTML/CSS, Node.js, FastAPI, Tailwind CSS, PostgreSQL, MySQL

Programming: Python, C/C++, SQL

Data & AI: Pandas, NumPy, Scikit-learn, TensorFlow, PyTorch

Tools: Git, GitHub, Canva, Three.js, Jupyter Notebook, LaTeX

Relevant Coursework

Computer Science: Data Structures and Algorithms, Introduction to C, Database Management Systems, Computer Networks, Operating Systems

Mathematics: Probability and Statistics (A-), Linear Algebra (A-), Calculus (A-)

Chemical Engineering: Fluid Mechanics, Mass and Energy Balance (A), Molecular Engineering (A), Introduction to Complex Fluids (A)

Extracurricular Activities

Design & Creativity Team, IIT Jodhpur: Contributed to design and creative activities for institute-level technical and cultural events.

Chemical Engineering Department: Served as Department Executive and currently serve as Internship Representative.

Campus Activities: Participated in technical, cultural, coding, and student-led activities at IIT Jodhpur.
